Release Highlights 2.6.5

Rapattoni *Magic*-Cloud AMS 2.6.5 is coming soon! This exciting new version will give your association access to the enhancements listed below.
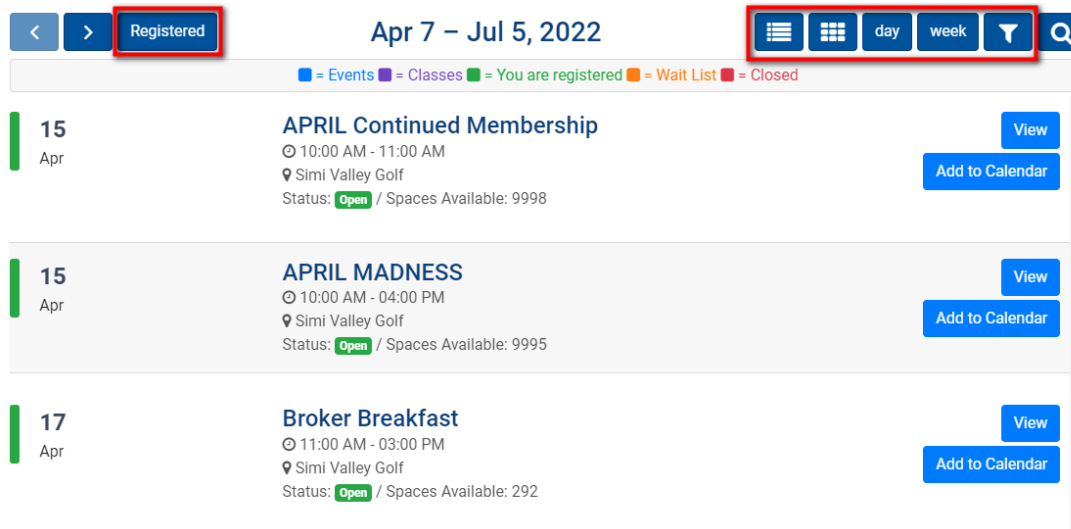

The following enhancements have been implemented in version 2.6.5:

- **UPDATE! Home Page Now Displays New Portal Calendar Views**
- **NEW! Button to View Class Details with Multiple Meeting Dates**
- **NEW! Added Columns on "Classes You Have Taken" Page Under Education History**

## UPDATE! Home Page Now Displays New Portal Calendar Views

Cloud AMS's home page has been completely redesigned to provide a cleaner interface with more clear and concise information. This new design simplifies registration information and provides different view options and filtering capabilities for users to customize their home page display.

As part of this update, a new "Registered" button now displays for users to toggle between Registered and Upcoming Events/Classes, replacing the previous "My Registered Events & Classes" and "Upcoming Events & Classes" sections on the home page.

NEW! Button to View Class Details with Multiple Meeting Dates

A new plus button has been added to the List and Card views of the Events/Classes Calendar display that allows you to quickly view multiple meeting dates and times when available.

NEW! Added Columns on "Classes You Have Taken" Page Under Education History

The "Classes You have Taken" page has been updated to provide more detailed information about classes for users. These updates include the following:

- Added "Description" column after "Grade Code" column

- Added a "State" column for customers that offer classes that satisfy requirement credits for multiple states. If the member received certificates for the same class in different states, each class certificate displays separately and shows the corresponding credits.

- Added a "Download" column with corresponding icon next to the certificate number to download certificates where applicable. This icon will display if there is a downloadable certificate available and if the agent is licensed in the state that the certificate represents.
