

RapattoniMLS

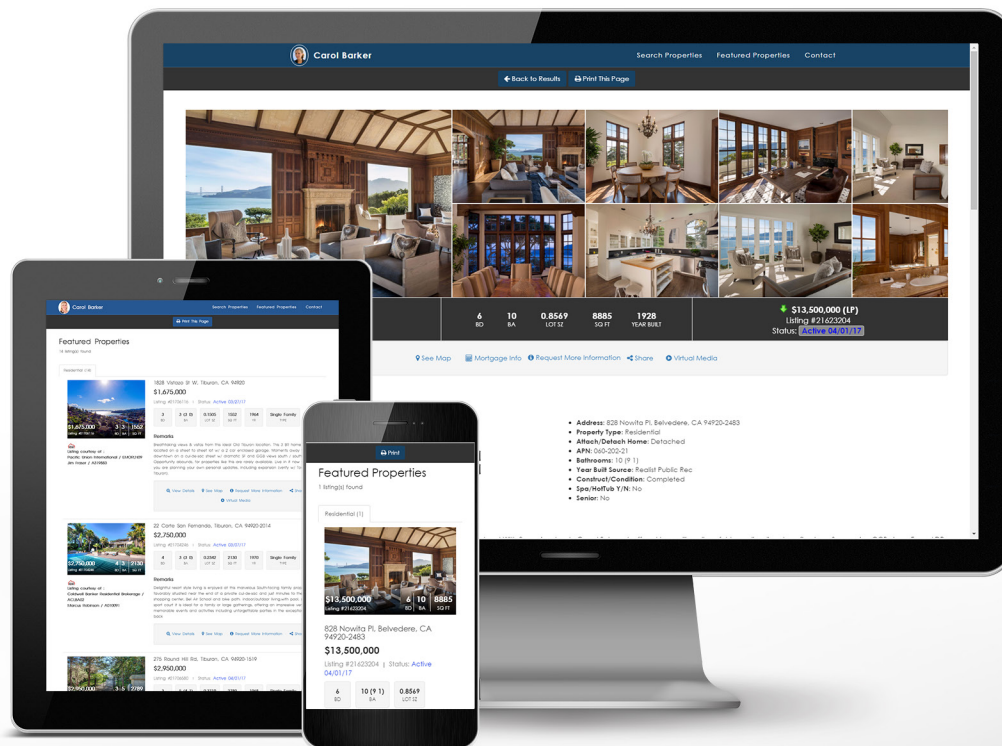

Rapattoni IDX with Lead Generation

Rapattoni MLS's IDX tools make it easy for agents and brokers to integrate dynamic IDX content and lead generation into their websites.

Highlights Include:

- **Customizable IDX Searches** – designed for touch-based mobile devices as well as PCs and Macs
- **Integrated Lead Generation** – creates a direct line of communication between new clients and the agent or broker who hosts the IDX site
- **Featured Properties** – agents and brokers can choose listings to be highlighted in a special section on their IDX sites
- **Saved Search Links** – post custom saved searches targeting the listings consumers want most

Branded IDX searches and lead generation tools that fit right into existing websites!

Responsive design formats IDX content for phones and tablets as well as desktops and notebooks
