Internet Member Services

IMS Calendar Display

This new classic calendar format allows IMS users to view classes and events using month, week, or day views. The calendar includes controls to easily toggle between the List and Calendar views, as well as color coding to quickly identify events that are available for registration, closed, or for which the user has already registered.

Membership

Expand MLS ID Field Length

The MLS ID field length has been expanded from 9 to 50 characters and is configurable to accommodate your organization's MLS rules.

Version 7 MLS File Layout

The standard version 7 file layouts for offices and members have been modified to communicate up to a 50 character MLS ID.

Dues & Contribution History

The "Billed To" member number and full name fields have been added to the Dues & Contribution History form. If the office broker was billed for non-members within his office, then dues history will indicate that the incurring non-members have paid.

Data Exchange

Financial Transmittal

The field length for Last Name has been increased from 17 to 30 characters and incurring member to financial transmittal formatting has also been added to this latest version.
