Ann Arbor MLS Data Share Merger: RETS Changes: 4/30/2018

Dear RETS Vendor:

This email is to notify you that the Ann Arbor MLS data shares with Realcomp and GLR will be turned off Monday, 4/30/2018, from 7:30 p.m. until 11:00 p.m. Pacific Time. Following the downtime, you may need to adjust your process in order to pull any Realcomp or GLR records that may have been updated during that period. Other additional changes to be aware of include the following:

1. New or existing Realcomp listings that are modified at any time after 4/30/2018, will now have an MLS Origin value of 'REAL'; Realcomp listings that do not receive further modifications will continue to have the MLS Origin value of 'RCMP'
2. The Photo URL paths for new or existing Realcomp listings that are modified at any time after 4/30/2018 will differ from the current Realcomp URL composition; however, the old paths will stay valid for the foreseeable future

Please be aware that all other pertinent information, including listing numbers, will not be changing.

Sincerely,

Brian Tepfer
Executive Vice President and Chief Technology Officer
Rapattoni Corporation
