

# Rapattoni**RETS**

## Subject: Ann Arbor Area Board of REALTORS® Data Share Listing Changes

Dear API Key Contact:

On Monday, 5/24/2021, beginning at 8PM EST Rapattoni will be making modifications to the Ann Arbor MLS' data share. As part of these changes, the remaining listings currently assigned the Association of 'Great Lakes Repository' and the OriginatingSystemKey of 'annarbor' will be removed from API feeds.

The impacted listings will be reintroduced into the feeds with new ListingKeyNumeric, OriginatingSystemKey, and changes to ListingId. These will be new records within the Ann Arbor MLS system. Modification timestamps for the listings will not be updated.

These listings will be available to pull on Tuesday 5/25/2021.

The new listings will be assigned the following OriginatingSystemKey values:

OriginatingSystemKey
Branch County AOR
Hillsdale County BOR
Montcalm County AOR

It is recommended that you repull all listing information, documents and photos for the impacted listings.

In addition, we will be introducing brand new listings under the following OriginatingSystemKey values:

Battle Creek
Kalamazoo
Grand Rapids
Mason Oceana Manistee
MichRIC
St. Joseph
Southwestern Michigan
West Central
West Michigan Lakeshore

Please update your data processing accordingly.

Sincerely,

Brian Tepfer  
Executive Vice President and Chief Technology Officer  
Rapattoni Corporation
