Dear RETS/MLS Key Contact:

This is to notify you that setup changes will be installed **Wednesday, April 3, 2019**.

Please be advised that the following changes have been slated to be fast-tracked. In addition, minor changes to the Metadata-Lookup_Type table, which are not listed here, may be implemented when requested throughout the month. Therefore, RETS vendors and third parties who access an MLS's RETS data should update their metadata.

For information regarding the MLS column values please refer to your RETS login URL or the following site: http://rapattoni.com/rets-servers

The following items will be additions or modifications to other metadata tables. Additions are included in individual feeds at the discretion of the MLS and may not be included at the time of installation:
